Experience

Innocrede Solutions | Mohali

Software Developer Engineer | 06/2025 - 09/2025

- Developed and optimized **responsive frontend interfaces** using **React.js, HTML, CSS, and JavaScript**, improving page load performance by **~25%** across major user flows.
- Built **8+ reusable UI components** and implemented clean layout structures, reducing future development time by **30%** and ensuring cross-browser compatibility.
- Collaborated with backend and design teams to integrate REST APIs and UX improvements, resulting in a **15% increase in user engagement** and improved accessibility compliance.

Education

Krishna Institute of Engineering and Technology | Ghaziabad

Bachelors of Technology in Computer Science and Engineering | CGPA: 8.81 | 07/2023 - Present

K.L. International School | Meerut

Senior Secondary Certificate (Class XII) | Percentage: 94 | 05/2023 - 05/2023

K.L. International School | Meerut

Secondary School Certificate (Class X) | Percentage: 97.6 | 05/2020 - 05/2021

Skills

WordPress, HTML5, CSS3, JavaScript (ES6+), Responsive Web Design, Cross-Browser Compatibility, Website Performance Optimization, SEO-Friendly Development, REST API Integration, React.js, Basic PHP (WordPress), Git & GitHub, UI/UX Implementation, Three.js, MongoDB, Express, Three.js, GSAP

Projects

Portfolio | 05/2025 - 08/2025

<https://viditallen.xyz>

- Designed and developed a **responsive personal portfolio website** to showcase projects, skills, and experience using **HTML, CSS, JavaScript, and React**.
- Implemented **clean UI/UX, smooth animations, and optimized layouts**, achieving fast load times and consistent performance across devices and browsers.
- Integrated **project showcases, contact forms, and social links**, improving professional visibility and enabling recruiters to easily access work samples.

Autograd | 01/2025 - 02/2025

<https://classroom-assistant-master-2-hdjv.vercel.app>

- Designed and developed a **web-based assignment evaluation system** that automates answer sheet processing and generates **AI-driven feedback**, reducing manual checking effort by **~40%**.
- Implemented **role-based workflows** (admin/faculty/student) with secure file uploads and PDF handling, enabling structured submission and evaluation of **30+ assignments**.
- Integrated frontend interfaces with backend services to deliver **personalized feedback, performance insights, and scalable data handling**, improving evaluation turnaround time and user experience.

Achievements

- Finalist in 2 out of 3 National-Level Hackathons**, competing against diverse teams and delivering functional tech solutions under strict timelines.
- Solved 300+ Data Structures & Algorithms problems** across platforms including **LeetCode, GeeksforGeeks, and CodeChef**, strengthening problem-solving and algorithmic thinking.
- Recommended by SSB (Board 31, Jalandhar)** after clearing the NDA written examination, demonstrating leadership, decision-making, and psychological aptitude.
