EDUCATION

KIET Group of Institutions, Ghaziabad

July 2027

Bachelor of Technology in Computer Science and Engineering

CGPA: 8.61

KL International School, Meerut

Mar 2023

Intermediate - CBSE Board

Percentage: 94%

KL International School, Meerut

Mar 2021

Matriculation - CBSE Board

Percentage: 97.6%

SKILLS

Languages: C, C++, JavaScript

Databases: MongoDB, Supabase

Frameworks/Libraries: Next.js, React.js, Node.js, Express.js, Tailwind CSS, Shadcn UI, Three.js

Cybersecurity Tools: Kali Linux, Burp Suite, Nmap, Wireshark, OWASP ZAP, Metasploit

Tools: Git, GitHub, Postman, VS Code, Figma

EXPERIENCE

Innocrede Solutions

June 2025 – Sep 2025

Full Stack Developer (Remote)

Chandigarh

- Developed and deployed **2 scalable MERN stack applications** with modular architecture, improving maintainability by **30%** and optimizing performance to reduce API response time by **25%**.
- Built **secure RESTful APIs** with **JWT authentication** and **RBAC**, efficiently handling **100+ user requests** while ensuring data integrity and security.

PROJECTS

VidCraft AI – Short Video Generator | *React.js, Node.js, Express.js, AI APIs*

- Developed an AI-powered platform to convert text into short-form videos, reducing manual effort by **60%**, with integrated **billing and subscription system** for monetization.
- Integrated AI APIs and optimized processing pipelines to handle **50+ video requests** efficiently with scalable performance.

AutoGrad – AI-Based Evaluation System | *React.js, Node.js, Express.js, MongoDB*

- Developed an AI-powered automated answer sheet evaluation system that reduced manual grading workload by **70%** while achieving **83% evaluation accuracy**.
- Implemented PDF processing, role-based authentication, and automated feedback generation workflows for admins and faculty, enabling efficient assignment submission and evaluation management.

WebSentinel – AI-Powered Web Security Scanner | *React.js, Node.js, Express.js, MongoDB, Cybersecurity Tools*

- Built an automated web security scanner using **Nmap, Whois, Nslookup, and OWASP techniques** to detect vulnerabilities and exposed services from domain URLs.
- Integrated AI-based report generation, improving analysis efficiency by **60%** and delivering actionable security insights within **seconds**.

ACHIEVEMENTS & CERTIFICATIONS

- Solved **500+ DSA problems** across LeetCode and GeeksforGeeks; participated in **10+ hackathons** with **Finalist positions in Hackacino 3.0, Apple COE Challenge Hackathon, and SprintHacks**.
- Completed **100-hour Microsoft Learning Student Ambassador (MLSA) KIET Full Stack Internship** and earned the **Cisco Network Essentials Certification**.
- Cleared **GATE 2026** with All India Rank **17113** and completed **Deloitte Cybersecurity Virtual Internship**, gaining exposure to cloud, security, and risk assessment.
- Recommended by **SSB Board 31, Jalandhar** after clearing NDA selection stages, demonstrating leadership, teamwork, and decision-making skills.
